Present Your Brand with Accurate Colour

Produce beautiful, vibrant tones and print your branded materials in-house. This all-new model packs advanced productivity capabilities to help you work faster and smarter.

Professional Colour Matching - Lexmark Named Color Replacement and PANTONE® calibration make it easy to develop a consistent brand image by accurately matching your colours.

High Resolution Graphics - With up to true 1200x1200 dpi resolution, images and graphics stay crisp. Lexmark's Unison™ Toner ensures consistent quality, too.

Super Fast and Quiet Output - Power through projects with print speeds up to 30 pages per minute in black and colour, plus produce a 1-page colour document in as little as 10 seconds.

Print Complex Documents Even Faster - Even complex colour documents print fast, thanks to its new, high-speed dual-core processor, 512 MB of upgradable memory and Gigabit Ethernet.

More Performance. Less Hassle.

In a tough, deadline-driven environment, this system really performs. With a bright colour touch screen, convenient USB port, large paper input capacity and more, our solution makes printing a pleasure.

Reliable Performance - Easily print up to 7,000 pages per month, plus enjoy fewer maintenance hassles, thanks to our state-of-the-art paper handling.

Bright Touch Screen - Our easy-to-use 10.9-cm (4.3-inch) colour touch screen allows you to preview and make post job changes fast.

Run Larger Jobs without Interruption - With an input capacity of up to 1,450 sheets and extra high yield toner cartridge options, you won't have to add paper or change cartridges as often.

Innovative Toner That Optimises Performance - Get greater system performance with Lexmark's Unison™ Toner, which delivers consistent image quality from first print to last.

Network Intelligent. Management Wise.

Quickly respond to changing business needs with our eco-friendly printers that help streamline your workflow using productivity solutions.

Print Anytime and Anywhere[6] - With this system, you can print from desktops as well as mobile devices that can run applications.
Better Manage Print Jobs - Take advantage of smart functions like job waiting, custom messaging and programmable alerts.

Enjoy Enterprise-level Security - Now you can authenticate, authorise and audit employee usage. Plus, protect sensitive data using standard network security protocols.

Save Resources and the Planet - An instant warm-up fuser and built-in two-sided printing plus Quiet, Hibernate and Eco modes minimise noise and save paper and energy.
