1. 64-bit software is required to enjoy the advantages of 64-bit processing.

2. Specifications vary depending on model.

3. Shared system memory may be allocated to support integrated graphics, depending on system memory size and other factors. Actual system memory available to the operating system will be reduced by the amount of dedicated and shared system memory utilized by the graphics solution and resources required by the operating environment.

4. Memory speed may vary, depending on the CPU, chipset or memory fitted.

5. All brands and product names mentioned herein include trademarks of their respective companies and are used solely to describe or identify the products.

6. Available for the Aspire V5-552G model only.

7. Available for the Aspire V5-552 model only.

8. Dolby® is a registered trademark of Dolby® Laboratories. Dolby Digital Plus® and Dolby Digital Plus® Home Theater® are trademarks of Dolby® Laboratories.

9. 1 GB is 1 billion bytes. Actual formatted capacity is less and may vary depending on preloaded materials and operating environment. Acer Recovery Management uses a portion of the stated hard disk capacity as dedicated backup space.

10. Two VQE-enabled Acer notebooks/tablets are required to enjoy the exclusive benefits and added performance of VQE.

11. Actual throughput may vary depending on network conditions and environmental factors such as network traffic or overhead, building construction and access point settings.

12. Subject to availability.

13. Weight may vary depending on product configuration, vendor components, manufacturing variability, and selected options.

14. The battery will hold up to 80% of its original capacity after as many as 1,000 recharges. A full recharge comprises a complete charge-and-discharge cycle, and does not always occur each time the notebook is plugged in to a power source, as several partial charges can add up to a full recharge.

15. The listed battery life is based on MobileMark 2012® productivity mode testing with wireless on. Details of MobileMark 2012® testing are available at www.bapco.com. Battery life rating is for comparison purposes only. Actual battery life varies by model, configuration, applications, power management settings, operating conditions, and utilized features. A battery's maximum capacity decreases with time and use.

16. Bundled software may vary depending on hardware configuration, OS and regional availability.

17. Trial periods vary depending on the geographic region and specifications: 365-day trial for China, Taiwan, Hong Kong and Singapore (Simplified Chinese and Traditional Chinese OS models); 60-day trial for other regions.

As a phenomenon known to thin-film transistors (TFTs), liquid crystal displays (LCDs) commonly exhibit a small number of discoloration dots, as so-called "non-conforming pixels." This phenomenon is a limitation of TFT LCD technology, not a product defect, and as such is not covered by Acer's warranty.
