# COUGAR 700M
## The Ultimate Customizable Aluminum Framing Gaming Mouse

The gaming mouse COUGAR 700M is packed with technology and features that make it the best gaming mouse on the market. An ADNS-9800 laser sensor works as the heart of this groundbreaking product that sports an award-winning platinum-based design that is also highly customizable. Packed with almost every single feature you might ask for, the 700M can store up to 30 functions on its 3 on-board profiles. We invite you to learn about some of the ways in which it will put you at the apex of the gaming food chain.

# 700M

## Details

**MUZZLE BRAKE SR**
Inspired by a real muzzle brake's design, this extended metal tube increases the cable's durability and prevents the cable from hindering the mouses' movements.

**MULTI-COLOR PROFILE BACKLIGHT**
16.8 million colors to choose from. Use them to distinguish the different modes, change them according to your mood or, well, however you want.

**ALUMINUM FRAMING STRUCTURE**
Resistant and sturdy design

**FIRE BUTTON & 45° SNIPER BUTTON**

**WEIGHT ADJUSTMENT**
Adjust 700M's weight to your personal preferences.

**PALM REST HEIGHT ADJUSTMENT (TOOL-LESS)**
You are going to hold the mouse for many hours. Why should you keep your hand in anything but the most comfortable position? The 700M's arched frame can be adapted to your preferred height.

**8200 DPI PRECISION GAMING SENSOR**
A mouse is as good as its sensor, and the COUGAR 700M has the best premium gaming mouse sensor currently available on the market.

**INTERCHANGEABLE PALM REST (TOOL-LESS)**
You can switch between the standard one and a special "Sport Mode" palm rest (included) designed especially for some mouse-holding styles common in eSports.

**COUGAR UIX™**

# 700M

## COUGAR UIX™ SYSTEM

The COUGAR UIX™ SYSTEM is the ultimate gaming device configuration tool. This user-friendly software allows you, through an intuitive interface, to fully configure all compatible COUGAR peripherals with a single application, integrating all of them and unleashing their full power. It will also allow you to synchronize the configuration profiles of mouse and keyboard so that when one changes its profile, the other changes to the corresponding profile without need for further configuration, helping you save time. Another important feature is the ability to record and store macros for both mouse and keyboard in a "Macro Arsenal" that will allow you to use them in any compatible COUGAR keyboard or mouse without recording it again. Convenience and compatibility on a fully featured device management application.
