- Lamp life up to 20,000 hours
- Mercury-free

1 - Wireless dongle (standard accessory) is required.

2 - Android 5.0 or above

3 - iOS 12 or above

4 - Win10

5 - Mac OS 10.14 or above

LED Light Source

LED lighting lets you enjoy outstanding color performance wide color gamut, creating vibrant visuals and delivering consistent color saturation. Its greater bulb durability provides up to 20,000 hours long lifespan. In addition, by eliminating the potential pollution from mercury lamp disposal.

Wireless Projection with Screen Mirroring

Break free from the clutter of wires with easy wireless projection¹. You can connect your Android² or iOS³ device and projector in wireless signal. An extra App is not required. The mirroring allows you to project exactly what you see on the smart devices. Sharing your travel photos or a family video on big screen can be this easy.

Mobile & PC USB Display

Image can be displayed simply over USB cable from an Android²/ iOS³ device or Windows⁴/ Mac⁵ PC. I will charge your smart devices simultaneously. The unstopped charging keeps your smart device away from out of battery.

Ultra-compact

Sometimes, we just need to pick up and go at a moment's notice. This compact projector make it happen. At just 22 x 17 x 9 mm & 1.2 Kg, the QH10 is smaller than an A4 paper and can be easily carried. Pack up the projector and get where you're needed.
