

Xerox[®] DocuMate[®] 5540

Motivation to Scan Difficult Documents and ID Cards

- Scans documents at 40 ppm and 80 ipm in duplex*
- A4 size flatbed
- 50 page ADF capacity**
- Create text searchable PDFs in one touch
- Scans plastic cards through the ADF
- Programmable OneTouch destinations for workgroups
- Ultrasonic Double Feed Detection
- Daily Duty Cycle – 5,000 pages

*200 or 300 dpi, b&w, greyscale, or colour

**20 lb., 75-80 g/m² paper

INSPIRE YOUR DEPARTMENT TO BECOME MORE PRODUCTIVE

Designed with features that will change how you look at and manage paper documents, the Xerox[®] DocuMate[®] 5540 will help employees reduce paper in the office, share documents electronically, search and retrieve documents quickly and back-up documents for protection or archiving. Unorganised paperwork is not only a security risk, but traditional filing boxes are expensive to store and difficult to search. Installing fast, cost-effective departmental scanners, like the DocuMate 5540, throughout your organisation will help employees achieve higher levels of productivity and almost immediate return on investment.

ENGINEERED FOR ANYTHING

You don't always know what documents will cross your desk next. You might have clean laser quality pages today, but tomorrow there may be multi-part forms, embossed ID cards,

or mixed batches of all these. With its high-quality CCD (charge-coupled device) imaging sensor, the Xerox[®] DocuMate[®] 5540 handles it all. The 50-page automatic document feeder makes it quick and simple to capture both sides of long documents as well as plastic cards including driver's licenses and medical or insurance cards. Easily scan books, magazines, binders or other bulky items on the A4 / legal sized flatbed. And all documents can be converted to text-searchable PDF or other popular file format in one easy step.

Save time on common tasks by creating up to 9 scan-to shortcuts. The Xerox[®] DocuMate[®] 5540 is powered by Visioneer OneTouch[®] technology to scan documents using the optimal settings for resolution, colour, duplex, auto-crop, auto-straighten, file formats as well as the file's destination be it a local folder, email, software application, printer or even the cloud. All at the touch of a button. Not only is

this a productivity gain, but it greatly reduces the training requirements for scanner users. As a shared device, the DocuMate 5540 improves efficiency and ROI in the office.

Never miss a page due to a misfeed or from multiple pages going through the scanner at once. Advanced roller separation technology and adjustable Double Feed Detection is built into the scanner for security against lost images. So, go ahead and scan without sorting your mixed media pages of different sizes. The Xerox[®] DocuMate[®] 5540 will exceed your expectations and achieve all of your scanning requirements at the touch of a button.

MAC COMPATIBLE

For Mac users, the Xerox[®] DocuMate[®] 5540 includes a fully featured TWAIN driver, ICA support, and a simple yet powerful Scan Utility, allowing you to get started right out the box.

Xerox® DocuMate® 5540 Scanner Software Solutions

VISIONEER® ONETOUCH

Visioneer OneTouch® is an easy-to-use utility that connects the DocuMate 5540 scanner with a powerful set of scanner settings to greatly improve the efficiency of your workflow — so that with one touch, the document is scanned automatically to email, Microsoft® Word, your printer, or simply a file folder. Visioneer OneTouch also links the DocuMate 5540 with industry-leading document management software, such as Xerox® DocuShare® — forming an easy-to-use workflow from paper to a selected destination. A Software Development Kit (SDK) is also available which provides the ability to develop specific links and integrate them into the Visioneer OneTouch control panel quickly and easily.

VISIONEER® ACUITY

Acuity enables your scanner to instantly improve the visual clarity of every document that you scan. Using advanced algorithms and dynamic thresholding Acuity will intelligently correct documents containing imperfections, improve quality of scanned images for archiving, increase OCR accuracy, and save time.

VISIONEER TWAIN™ DRIVERPLUS

DriverPLUS offers an impressive array of settings to enable precise customisation of the scan – far

beyond current TWAIN specifications and user experience. DriverPLUS also delivers Parallel Scanning, allowing multiple same-model scanners to be connected to a single PC and run concurrent jobs. Visioneer Acuity integration adds intelligent image enhancement and PC Optimisation to enable full-speed scanning.

OCR AND PDF SOFTWARE

This leading, easy-to-use OCR application reduces the need of retyping and paper storage, precisely preserving the original document's layout and formatting while converting your scans into various file formats, including searchable PDF. PDF features allow you to create, convert, edit, assemble, and share PDF files. The resulting text can then be used in virtually any word processing, desktop publishing or web publishing program.

DESKTOP DOCUMENT ORGANISER

To simplify managing your scans, a desktop organiser application combines the efficiency of document management with convenient access, viewing, editing and conversion of your scanned documents. Gain a new level of control and productivity in managing and sharing your scans.

MAC® TWAIN™

The Mac TWAIN driver offers all of the features of Acuity Image cleanup built in. No 3rd party software needed. Blank Page Removal, Auto Color Detect, Auto Rotate are just a few of the standard features. It also includes a digital endorser to add text to your images, the ability to read barcode data (3rd party software required to interpret barcode data), and Merge two sides.

VISIONEER SCAN UTILITY

If there is no scanning application on your Mac, a simple but effective scan utility is included, allowing you to take full advantage of all of the drivers' features. Simply put, set your driver preferences, select an image format (BMP, JPG, GIF, PDF, MPDF, TIF and MTIF), choose where you want to save your images to, and start scanning.

Xerox® DocuMate® 5540 Product Specifications	
Xerox Part Number	100N03033
Scan Speed	40 ppm / 80 ipm: 200 or 300 dpi (black & white, greyscale, or colour)
Scan Method	Duplex Automatic Document Feeder
Image Sensor	CCD (Charge Coupled Device)
Light Source	White LED lamps
Background	ADF: Grey Flatbed: Black
Optical Resolution	600 dpi
Output Bit Depth	24-bit colour, 8-bit greyscale, 1-bit black & white
Interface	Hi-speed USB 2.0 (1.1 compatible)
Detection	Ultrasonic Double Feed Detection
Maximum Card Thickness	1.25 mm (0.051")
Dimensions (paper trays extended)	691 (w) x 319 (d) x 431 (h) mm (27.2" x 12.6" x 17")
Weight	8.4 kg (18.5 lb)
ADF Minimum Document Size	70 x 51 mm (2.75" x 2")
ADF Maximum Document Size	216 x 355.6 mm (8.5" x 14")*
Flatbed Minimum Document Size	13 x 13 mm (0.5" x 0.5")
Flatbed Maximum Document Size	216 x 355.6 mm (8.5" x 14")
Document Weight	28 - 400 g/m ² (7 - 110 lbs) paper
ADF Capacity	50 pages (20 lb., 75-80 g/m ² paper)
Duty Cycle	5,000 pages/day

*supports paper length up to 2,997 mm (118")

BOX CONTENTS

- Xerox® DocuMate® 5540 Scanner
- Power Cable
- USB Cable
- Power Supply
- Quick Installation Guide
- Technical Support Card
- DVD-ROM including:
 - User's Manual
 - Third party OCR and Organiser software
 - Visioneer® OneTouch®
 - Visioneer Acuity
 - Scanner Drivers: Visioneer DriverPLUS TWAIN™, ISIS® and Microsoft Windows Image Acquisition (WIA) Driver

MINIMUM SYSTEM REQUIREMENTS

PC

- Intel® Pentium® 4 or equivalent processor
- Compatible with
 - Windows® 10 Pro, Home, Enterprise and Education
 - Windows 7 Pro, Home, Enterprise and Ultimate
 - Windows 8/8.1 Pro, Core and Enterprise
- 2GB RAM
- 350 MB available hard disk space
- DVD-ROM drive
- USB port

Mac

- 1.83 GHz or faster Intel® Core processor
- Mac OS® X v10.9 - 10.13.4
- 2GB RAM
- 350 MB available hard disk space
- DVD-ROM drive
- USB port
