

# Lenovo™ S510 Tower & Small Form Factor

## TAKING YOUR BUSINESS TO THE NEXT LEVEL.

A powerful solution that's both productive and secure.

Lenovo™

The S510 Tower & Small Form Factor is the ideal solution for growing businesses that are looking for a performance boost with the latest 6<sup>th</sup> Generation Intel® Core™ i processor, SSD technology and DDR4 memory. With features such as advanced WiFi, front-facing USB 3.0 ports, security that gives you peace of mind and rock-solid design, the S510 is all you need and more.

### WHY YOU SHOULD BUY THE LENOVO™ S510 TOWER & SMALL FORM FACTOR

#### Performance

The latest 6<sup>th</sup> Generation Intel® Core™ i processor delivers 11% faster performance than the previous generation processor, and with SSD technology and DDR4 memory, you'll experience extraordinary productivity.

#### Maximum Connectivity

Advanced WiFi design ensures reliable, seamless internet connectivity with no need for messy, disruptive cables. What's more, 2 front-facing USB 3.0 ports allow you to conveniently connect peripherals or transfer data.

#### Security

An array of security features such as Smart USB Protection, which restricts port access while allowing keyboard and mouse inputs, will provide you with peace of mind.

#### Quality You Can Rely On

The S510 has been put through over 200 reliability tests including shock, drop and vibrations tests in order to maximize both the life of the system and your ROI.

### THE LENOVO™ S510 TOWER & SMALL FORM FACTOR IS BEST SUITED FOR

**1** Small and medium sized businesses looking for an affordable desktop solution with powerful performance.

**2** Small and medium sized businesses looking for convenient features such as WiFi connectivity and front-facing USB 3.0 ports.

**3** Small and medium sized businesses looking for a secure and rock-solid solution that will protect your data and provide a return on your investment.
