PRODUCT DESCRIPTION

LONG:

You seek excellence and strive for precision. With optimum video capture, dedicated encoding, ultra-low latency technology, and more, HD60 Pro is your key to unlocking content of the highest caliber. With HD60 Pro, stunning 1080p capture at 60 fps is only the beginning. HD60 Pro introduces Instant Gameview, powering your stream with superior low latency technology.

The built-in Live Streaming feature gets you up and running on Twitch and YouTube in a flash. Add your webcam, overlays and more with Stream Command, and change your stream layout on-the-fly with scenes. Add your voice with the built-in Live Commentary feature, and you're all set for the big show.

With Master Copy, record hours of your best moments in stunning 1080p at 60 fps thanks to simultaneous H.264 hardware encoding, providing you with incredibly smooth footage in easily manageable files. And, thanks to Flashback Recording, you don't have to worry about your capture - simply slide back in time on your PC and hit the record button retroactively.

MEDIUM:

Stream and record Xbox, PlayStation, or Nintendo gameplay with HD60 Pro. HD60 Pro introduces Instant Gameview, feeding your stream with superior low latency technology.

With Master Copy, record hours of your best moments in stunning 1080p at 60 fps thanks to simultaneous H.264 hardware encoding.

SHORT:

Stream, record and share your gameplay in 1080p60 - without compromise.
