Smart design

- Zero frame display
- Tilt: -5°~ 15°

Environment-friendly

- Acer EcoDisplay with ENERGY STAR 6.0

Full HD LED monitor

The 1920 x 1080 resolution of this LED monitor delivers excellent detail, making it perfect for advanced HD productivity and multimedia applications. LED monitors also consume less power and last longer than those with CCFL lamps. In addition, this monitor is mercury-free, making it safer for you and the environment.

ComfyView

Acer ComfyView monitors reflect less ambient light to deliver vivid colors, reduced glare and more comfortable viewing, even over prolonged periods.

Zero Frame Design

Acer Zero Frame design saves space on your desk and lets you place multiple monitors side by side to build a seamless big-screen display.

Acer eColor Management

Acer eColor Management optimizes image performance in common usage scenarios, delivering an improved, more enjoyable viewing experience.

About Acer

Established in 1976, Acer is an information and communication technology company dedicated to the research, design, marketing, sale and support of innovative products that enhance people's lives. Acer's green supply chain delivers environmentally friendly PCs, displays, projectors, servers, tablets and smartphones — tools our customers need to explore beyond limits and experience more. Ranked No. 3 for notebooks globally (IDC 2012), Acer employs 8,000 people, and 2011 revenues reached US\$15.7 billion. Please visit www.acer.com for more information.
