	<b>Power Supply (100 - 240 V)</b>	Internal	
	<b>Tilt</b>	-5° – 20°	
	<b>Power Consumption</b>	Off	0.35W
Sleep		0.5W	
On		31W	

## Feature Highlights

### Design

- 4K UHD resolution
- ZeroFrame design
- Stylish Three-Pronged stand
- Tilt: -5°~ 20°
- VESA mount support

### Visual

- AMD FreeSync technology
- 4K UHD resolution with 90% DCI-P3
- Support HDR 10
- 4ms (G to G) over drive mode
- Black boost technology

### Protective comfort

- Acer Flicker-less
- Low dimming technology
- Acer ComfyView display
- TUV low blue light certification

\*Specifications may vary depending on model and/or region.

### 4K UHD resolution

The sharp 4K UHD display is 16:9 in 3840x2160 high resolutions, which is four times higher than Full HD displays. The enhanced sharpness can now be easily seen and takes your visual experience to a new level.

### HDR Technology

HDR is a display technology that creates deeper levels of black and white contrast, giving you a greater level of immersion through realistic image recreation. Acer HDR displays support HDR10 format.

### AMD FreeSync

With AMD FreeSync, the game's frame rate is determined by your graphics card, not the fixed refresh rate of the monitor. This means the monitor's frames are synced with the graphics card's frames, which eliminates screen tearing and delivers very smooth gaming experiences.

### 90% DCI-P3 wide color gamut

DCI-P3 enables wider color range than sRGB, resulting in more realistic color reproduction. This feature is designed for professionals and photo enthusiasts, who look for accurate color matching between prints and monitor.

## About Acer

Established in 1976, Acer is an information and communication technology company dedicated to the research, design, marketing, sale and support of innovative products that enhance people's lives. Acer's green supply chain delivers environmentally friendly PCs, displays, projectors, servers, tablets and smartphones — tools our customers need to explore beyond limits and experience more. Ranked No. 3 for notebooks globally (IDC 2012), Acer employs 8,000 people, and 2011 revenues reached US\$15.7 billion. Please visit [www.acer.com](http://www.acer.com) for more information.
