STREAMLINE YOUR SUCCESS

The NT Series is a non-touch display that brings your presentations to life in vivid Ultra-High Definition (4K) resolution. Focus on just the tools you need to succeed in your organization without paying for more features that you won't use.

Wirelessly cast to the screen from any mobile device, tablet, desktop, or laptop. Whether you use Windows, Mac, or Chrome, the NT Series lets you share your screen through a wireless connection or through the multiple I/O ports built into the panel. Access your files on your preferred Cloud storage system on the display. The built-in file viewer lets you easily navigate through local files, Cloud storage, and files from connected USB thumb drives.

Rediscover the simplicity of real innovation with the new NT Series.

Newline NT Series features the following interactive ecosystem tools:
