MasterCase Pro 3 (MCY-C3P1-KWNN)

Make of It What You Will

The new wave of case technology pioneered by our MasterCase series crests with the unique FreeForm™ Modular System, which allows unparalleled flexibility to upgrade your case via the addition of top panels or doors, aesthetic customization, varied thermal solutions and internal layout adjustment.

Find all of these in a compact form factor with new FreeForm™ features and the same easy access to customize, adjust and upgrade your system as you wish.

Product Features

- **Sliding Clip & Click Panel** – One position for our HDD cages and optional accessories with customizable mounting location, another one closer to the front of the case for DIY water cooling reservoirs installation. It can also be completely removed
- **Removable Partition Panel** – Isolates power supply which enables clean cable management
- **Dual Graphics Card Support** - Five expansion slots provide enough space for up to two graphics cards with breathing room between them
- **Removable Top/Front Cooling Brackets** – Allows user to conveniently install fans and radiators outside of the case
- **Magnetic Paneling** - Top panel fits snugly with a magnetic grip (Top Panel Dust Cover available at our CM Store)
- **Slip-and-clip SSD pockets** – The two SSD pockets have three possible mounting positions - behind motherboard tray and on top of the Removable Partition Panel
