

Full productivity – maximum mobility

Tecra X50-F

A big, bright screen helps you review and create with ease. A light chassis empowers you to work on the move. And with the Tecra X50-F, you get both. With a super-bright 470 NIT 15" non-glare screen – and a 17 hour battery life – you can maximise your productivity without having to plug in for over two working days. Meanwhile the latest Intel® Core™ processors and backlit keyboard help you speed through every task. All this power is packed into an ultra-mobile, ultra-durable 1.36kg* magnesium chassis – built to move as fast as your working day does. There's no compromise on style either; with a stylish Onyx Blue and Light Gold design, your laptop will turn as many heads as your presentations.

17 hrs battery life
with quick charge
