Ultra-short throw

Ultra-Short Throw Distance

Acer short throw projectors offer greater flexibility in maximize space. Short Throw Projectors are designed to produce larger images in a shorter throw distance. Viewers can have a big picture even in a limited space, perfectly ideal for education/business. Acer U5330W ultra short-throw projectors could be placed even at a throw distance of just 57 cm, highly detailed images can be displayed with 100" image size at 16:10 aspect ratio.

ColorBoost3D

ColorBoost3D is a combination of three technical advancements, a 6-segment color wheel design with DLP™ chip and lamp power control capability, that improve the optical color performance while reducing color shifts and brightness decay, for both 2D and 3D visuals. The advanced technology provides brighter, more realistic images and color fidelity.
