NETGEAR®

N300 WiFi Range Extender
Essentials Edition

Boost your existing WiFi

- WiFi up to 300Mbps
- External antennas for better performance
- Convenient wall-plug design
- Works with any WiFi router

N300 RANGE

Overview

NETGEAR N300 WiFi Range Extender—Essentials Edition boosts your existing network range & speed, delivering WiFi up to 300Mbps. External antennas provide better WiFi coverage and higher speed, while the convenient wall-plug design saves space. It works with any standard WiFi router & is ideal for video streaming & gaming. Get the connectivity you need for iPads®, smartphones, laptops & more.

Boost N300 WiFi

Improve range & speed of your existing N300 WiFi network.
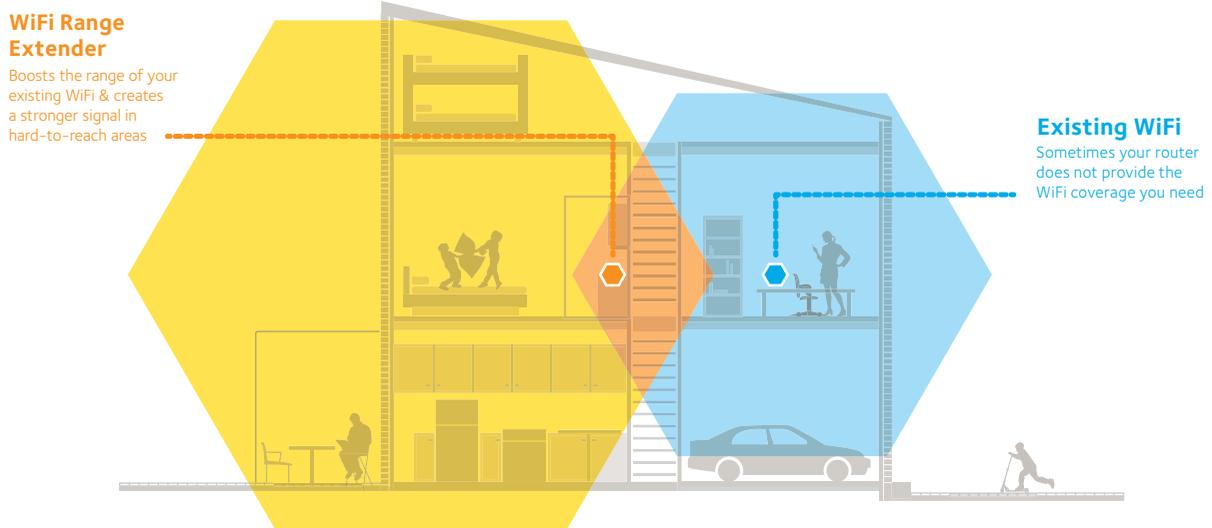

External Antennas

For better WiFi coverage & higher speed.

Fast Ethernet Port

Connect a wired device like a Blu-ray® player, game console, TV or streaming player to your WiFi network.

NETGEAR®

- IEEE® 802.11 b/g/n 2.4GHz
- Fast Ethernet port

*24/7 basic technical support provided for 90 days from date of purchase when purchased from a NETGEAR authorized reseller.

[1] Works with devices supporting Wi-Fi Protected Setup™ (WPS).

Data throughput, signal range, and wireless coverage per sq. ft. are not guaranteed and may vary due to differences in operating environments of wireless networks, including without limitation building materials and wireless interference. Specifications are subject to change without notice.

The product may not be compatible with routers or gateways with firmware that has been altered, is based on open source programs, or is non-standard or outdated.

ATTENTION: Due to EU law, the country settings must be identical to the country where the device is operating (important due to non-harmonised frequencies in the EU).

For indoor use only. Valid for sale in all EU member states, EFTA states, and Switzerland.
